

## INFLATABLE JACKS

### AIJ SERIES

15 - 95 Square cm  
Capacity: 1 - 75 Ton  
Working Pressure - 8 bar

### FEATURES

- Noiseless.
- Shamble.
- Lift the heaviest object stubbly.
- No Long using life.
- The special design on surface can maintain the skid resistance when work on grass/ sediment etc.

Air lifting bag is a special tool for rescue and other emergency situation; it is multi-functional of lifting, pushing & pulling, extruding, separating etc. air lifting bag is made of CR121 type Neoprene, durable and resistant, the unit is mainly composed of high pressure gas cylinder, valves, pressure reducer, high pressure hose, air bag, etc.

### APPLICATION:

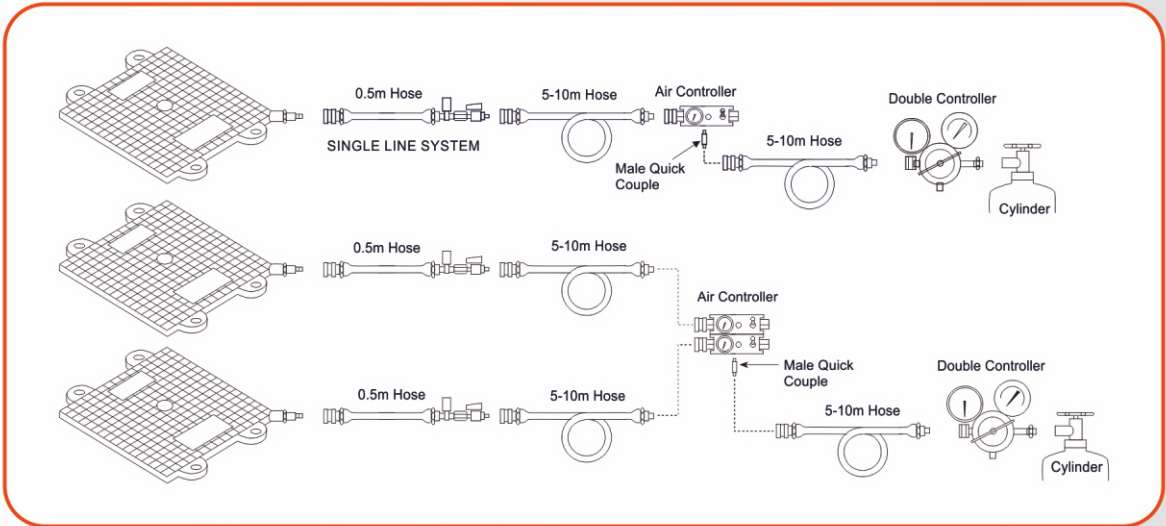

This safety air cushion can be used for traffic emergency rescue & vehicle extrication, Railway, Tunnel, Subway rescue Earthquake disaster relief accident rescue; Mining rescue etc. lifting function needed situations.

Model No.	Lifting Force	Area	Height	Insert Height	Max. Lifting height	Max. Pressure	Test Pressure	Weight
	(ton)	(cm)	(mm)	(mm)	(mm)	(bar)	(bar)	(kg)
AIJ1	1	15x15	23	24	250	8	12	0.45
AIJ5	5	25x25	25	26	270	8	12	1.9
AIJ8	9	32x32	25	26	300	8	12	3
AIJ10	11	37x37	25	26	350	8	12	4
AIJ12	15	45x45	25	26	370	8	12	6.2
AIJ20	20	50x50	25	26	390	8	12	7.2
AIJ24	25	55x55	25	26	415	8	12	8.8
AIJ28	29	60x60	27	28	430	8	12	10.5
AIJ32	35	65x65	28	29	450	8	12	15
AIJ40	43	75x75	28	29	455	8	12	18
AIJ42	46	85x85	28	29	460	8	12	26.4
