

## MASTER GRIP PULLERS SET

### AHP SERIES

Capacity: 8 - 50 Ton  
 Reach: 252-700mm  
 Spread: 248-1100mm  
 Max. Pressure: 10,000psi

### FEATURES

- Precise hydraulic control allows fast, efficient and safe pulling.
- High quality, forged steel components provide superior reliability and service.
- Available with and without full hydraulic set.

Shown: Grip Puller Set AHP-351G

### Ordering Example

**Model Number AHP-251G:**

includes Grip Puller AHP-252 and a full hydraulic set.  
 (Hand pump, cylinder, saddle, hose, gauge and gauge adaptor).

**Model Number AHP-252:**

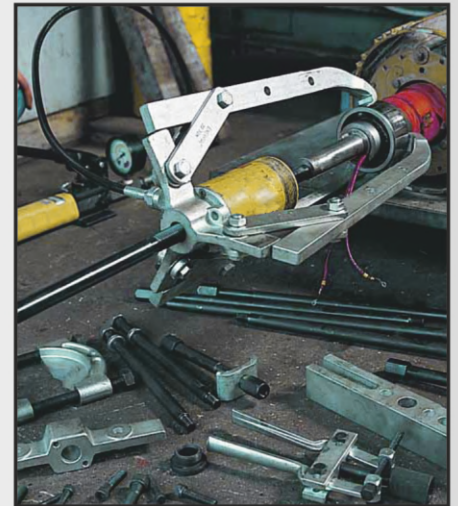

includes Grip Puller mechanical parts only, for use with your existing hydraulics.

Maintenance engineers throughout the industry greatly appreciate the Aeroboom Master Puller sets

### WARNING

Not all components and configurations are rated at the set capacity. Please contact Aeroboom for specific details
