BOTTLE JACK

ABJ SERIES

Capacity: 2-100 Ton

FEATURES

- Complies with ANSI/ASME PALD standards and CS/GS.
- Forged base and cylinder to ensure strength and eliminate leaks.
- Chromed pump piston and ram for added rust resistance.
- In-line design makes the jack more easier to position and operate.

Model	Capacity	Stroke	Min. Height	Max. Height	Head Screw	Weight
		(mm)	(mm)	(mm)	(mm)	(Kg)
ABJ-02	2	165	180	345	50	2.29
ABJ-03	3	173	191	364	60	2.79
ABJ-05	5	188	200	388	70	3.79
ABJ-08	8	192	200	392	70	5.69
