

## AV SERIES - VALVE

Shown from left to right AV-43M4, AV-52H3.

### AV SERIES

- Aeroboom hydraulic valves are available for most of your applications.
- Aeroboom hydraulic valves are available with manual control, solenoid directional control and flow control valves.
- Aeroboom hydraulic valves are designed
- Aeroboom hydraulic valves are available for most of your applications.
- Aeroboom and manufactured for safe operation up to 10,000PSI.

Model	Used with Cylinder	Valve Operation	Valve Location	Valve Type	Valve Function	Hydraulic Symbol	Weight (Kg)	
AV-42H3A	Single Acting	Manual	Pump Mounted	2Position	Advance Return		1.99	
AV-43M3A		Manual	Pump Mounted	3Position	Advance Hold/Return		1.29	
AV-43M3L		Manual	Remote Mounted	3Position	Advance Hold/Return		2.19	
AV-43M3T		Manual	Pump Mounted	3Position	Advance Hold/Return		3.79	
AV-43M3LT		Manual	Remote Mounted	3Position	Advance Hold/Return		4.69	
AV-52H2B		Solenoid 24V	Pump Mounted	2Position	2Position	Advance Return		1.79
AV-52H3A		Solenoid 24V	Pump Mounted	2Position	2Position	Advance Return		1.79
AV-43M4E		Double Acting	Manual	Pump Mounted	3Position	Advance Hold/Return		1.29
AV-43M4L			Manual	Remote Mounted	3Position	Advance Hold/Return		2.19
AV-43M4T			Manual	Pump Mounted	3Position	Advance Hold/Return		3.79
AV-43M4LT	Manual		Remote Mounted	3Position	Advance Hold/Return	4.69		
AV-52H4B	Solenoid 24V		Pump Mounted	2Position	2Position	Advance Return		1.79
